Snapshot report

Under the Investing for Success Agreement for 2016
Shorncliffe State School received $94,705

Our full 2016 agreement can be found at: www.shorncliffess.eq.edu.au

Our school initiatives are showing substantial progress toward our targets

After reviewing our 2016 Investing for Success agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our initiatives as needed to ensure every student succeeds.

Initiatives implemented include:

- Employ data strategies that are focused on reading and maths identifying individual and small group learning needs for improvement.
- Provide focused and intensive teaching for students requiring additional support to demonstrate achievement against the year-level achievement standards.
- Develop differentiation plans for students requiring additional support and intervention.
- Build teacher capability regarding knowledge and understanding of the P-10 Australian Curriculum content descriptors and achievement standards by designing and supporting processes for robust intra-school and inter-school planning and moderation.
- Employ coaches to support and develop teachers in reading and problem-solving.
- Build teacher capability regarding knowledge and understanding of the English Curriculum, assessment tasks and front ending assessment.
- Use regular and appropriate assessments for maths and reading to ensure consistency and precision of program.
